Hi Moja,

Here is the table with the corrected document number. We are working on revising the original letter and will get it to you as soon as possible.

What would you like us to do if we don't have the document id number for all the documents on the letter?

Thanks,  
Bridgid

Hi Moja,

Thanks for your assistance this morning. I have added the document ids to the table for the documents going on inspection today. We will add numbers for the other documents later today and send the letter back to you. Please let me know if you need anything else.

Will do, Not in the office yet so will take a bit of time. Also how do we know OFR document number for documents not scheduled? Can you still work on stopping the public inspection now?

Dear Mr. Potts:

Per the "Regulatory Freeze Pending Review" memorandum issued on January 20, 2017 by Reince Priebus, Assistant to the President and Chief of Staff, please withdraw all EPA documents currently at the Office of Federal Register and scheduled for publication on January 24, 2017, or later. For your reference, we believe that includes the documents listed below.

**Documents scheduled for publication on January 24, 2017**

These documents should also not appear for public inspection on January 23, 2017, except for Effluent Guidelines and Standards for the Dental Category, which is already on public inspection.

(b) (5)

A large black rectangular redaction box covers the majority of the lower half of the page, obscuring the list of documents mentioned in the letter.

(b) (5)

We will follow-up on Monday regarding the return of these documents to EPA.

Thank you very much. Should you have any questions, please let me or one of the EPA Federal Register Liaisons know. I can be reached at (b) (6)

Sincerely,
